PRODUCT DESCRIPTION

AVATHERM F40 - Medical Thermobox is suitable hygienic and safe transportation of blood, organs and medicine. Toploader construction is made of contaminant-free PP/C raw material. A silicone gasket provides in additional better isolation. It can be take out for cleaning. Ergonomically designed with cardholder. Temperature resistance: to -40°C . Fulfils all requirements of the food hygiene regulation. The base of the thermobox is manufactured with integrated L-shaped feet, which help prevent the general wear and tear of the product. All spare parts can be replaced. It is dishwasher friendly. The temperature loss is dependent on the quantity of the used ice packs in the interior of the thermobox. Used raw materials are recyclable, environmentally friendly and not harmful to human health. Light and robust medical thermobox provides a possibility to apply a padlock or any other lock-system. On

both sides are special recesses which allow easy carrying. All Medical thermoboxes can be placed on the top of another therefore allowing the possibility for the multiple distribution of goods. You can order Avatherm products in packs of 10.
