PRODUCT DESCRIPTION

NEW MARFIL ESPRESSO GRINDER with dispenser is high versatility, very robust and fast. Thanks to its large dispenser, you can have coffee, already ground, to serve big demands. Bean hopper capacity is 2kg. This quiet-running, traditional espresso grinder that grinds the beans directly down into a container. You can then simply take some newly-ground coffee out of the container to make single or double espresso. It is easy to adjust, to give the right grinding level. Mills of tempered steel has 60mm diameter, motor has thermic protector. Further features: dispenser with capacity for 600g, dispenser can be set from 5 to 12 grams. Its speed is 1300/1600 rpm. The body of the grinder is made of plastic. Capacity: 500gr. in 5 minutes. NEW MARFIL ESPRESSO GRINDER is purchasable in grey colour with dispenser, in manual or automatic version, and with dispenser lever placed right or left.
