Packaging dimension (He)	1100
External size (Wi)	
External size (De)	
External size (Hi)	
Gross weight (kg)	125
Power (W)	750
Net weight (kg)	11,5

PRODUCT DESCRIPTION

SIGMA Sprizza - Cold system pizza spinner is really easy and practical to use and the portions of dough are always perfectly flattened. The machine is the perfect choice for making a 48-50 cm pizza. The original protected microrolling system, rigorously patented, results from a happy original intuition which was developed and achieved in order to knead the dough in the same way as the hands of an expert would.

Characteristics: Cold system for spreading the pizza dough Patented micro-rolling system Adjustable pizza thickness Automatic start and stop Capacity production 250 pcs/hr ETL and EAC certification
